Thanks for the kind words. Maybe I'll pop over to your forum board and have a look around just to see what all the fuss is about.

I would love to know what happened to those guys . I feel a little funny about calling them but I should just do it...

I'm heading out right now to help a fellow forum member (bass heavy) figure out his tranny problems. He a new guy to The Samba so I wanna make a good first impression. I guess I've got a little bit of a reputation to uphold...

I heard the bus died in Arizona, and they're living in the hills around Sedona. There've been reported sightings outside a burrito stand late at night.

Well, lets start the rumor mill spinning ... Maybe a contest to see who comes closest to actual fact?

I read that same story in the local paper a few months ago. But I think it was Oak Creek Brewery they were talking about, not a burrito stand. I'll try to find the old article...
